From the Race Director:

The 1997 Gate River Run will go down in the books as the largest race to date. This book contains results for 7,064 finishers. That's three hundred more finishers than our previous record set in 1995. From our view point, the move back to the Sports Complex area worked very well. We had plenty of room for the start, great parking, the expo right at the finish line, and more room for the finish area. The weather could have been cooler, but at least it didn't rain. The warmer weather did bring out more spectators, and made the post race celebration the best attended in years.

Even though the race was a huge success, we didn't get by without a few problems! Our move into high tech finish line timing was a failure. Radio wave interference caused time gaps (short periods of time when signals from the transponder timing bands were not recorded) in the results. This caused us to lose close to a thousand finishers. Using the back up systems we had in place helped us add over seven hundred finishers to the results given to us by the timing company. If you are not listed in these results or your time is not correct, we apologize. You are welcome to call us and let us know your time if you are not listed. We would like to know how many finishers we really had.

If you finished in the top five of your age group or finished in the top ten percent of males (times under 1:05:09) and females (time under 1:16:14) and did not get your awards, please come by 1st Place Sports, 3853 Baymeadows Road and pick them up. If you are from out of town, give us a call at (904) 739-1917 to make arrangements to get your award.

I would like to take this opportunity to thank all the sponsors, volunteers and of course you for making this year the best to date. Mark March 7, 1997 on your calendar for the next edition of the Gate River Run.

I know that running a road race is a potentially hazardous activity which could cause injury or death. I should not enter and participate unless I am medically able and properly trained, and by my entry I certify that I am medically able to perform this event, am in good health, and am properly trained. I agree to abide by any decision of a race official relative to any aspect of my participation in this event, including the right of any official to suspend my participation for any reason whatsoever. I understand that all risks associated with running in this event, including but not limited to, contact with other participants, the effects of the weather, including high heat and/or humidity, traffic and the conditions of the road, all such risks being known and appreciated by me, and that bicycles, skateboards, baby joggers, roller skates or blades, animals and radio headsets are not allowed in the race and I will abide by this guideline. Having read this waiver and understanding these facts and in consideration of your accepting my entry, I, for myself and anyone entitled to act on my behalf, waive and release the organizers of this event and all sponsors, their heirs, representatives and successors from all claims or liabilities of any kind arising out of my participation in this event, even though that liability may arise out of negligence or carelessness on the part of the persons named in this waiver.
