JACKSONVILLE MARATHON

JANUARY 5, 1985

Jacksonville, Florida is famous for the River Run 15,000. World class athletes assemble each March, along with 7,000 other runners, to conquer the Hart Bridge and take a shot at the \$30,000 prize purse.

The Jacksonville Marathon is the new kid on the block. In its second year, it's still not that well known, but it looks like things could change. The course was changed this year to make it faster. Prize Money was added to attract more high caliber athletes and a large advertising campaign was undertaken to put the race on the map.

For the second year in a row the supposed world record holder for the half-marathon ran the Jacksonville Marathon. Last year Paul Cummings and this year Larry Green. Green had just set a new half-marathon record in Orlando in December (1:01:27) and was eager to see what he could do in the Marathon. He picked Jacksonville because this would be his first try at the 26.2 mile distance and he wanted to keep it low key. Larry said, "I could go to Houston and go for the big money but I've never raced that far and I'd like to have more experience before I take on the top marathoners." Green was the number one seed but seeded second was Doug Kurtis of Novi, Michigan. Doug had run four marathons in the 2:16 and 2:17 range during 1984 and had just run 2:17 at the Honolulu Marathon in December. Kurtis was sure he could give Larry a run for the \$2,000 first prize and the match was set.

The weather had been very warm for the month before the marathon but a cold front was expected to pass through Jacksonville by race day. On Friday the cold weather moved in, but so did the wind, straight out of the Northwest. The last few miles would be run in the Northwest-direction. The wind would be the difference and as it turned out the wind was the difference. Green started out slow and didn't catch Kurtis until the eight mile mark. The pace picked up and by the ten mile mark Green was running 4:55 miles and had brought his projected winning time down to 2:13:30. By 15 miles he had left the entire field behind him and his projected win time was now 2:12:55. At eighteen miles Green began to slow, while Kurtis maintained his sub 2:17 pace. At 22 miles the course turned directly into the wind for about a mile. It was too much for Green. His 23rd mile was just under six minutes so at 24 he stopped. Kurtis took the lead at that point and won the 2nd Annual Jacksonville Marathon in 2:16:59.

Connie Saunders of Souix City, Iowa led from start to finish and won the women's race in 2:46:17. Her winning time, like Doug's, was faster than last year's even with the windy conditions. The course changes along San Jose Blvd. had made the course more enjoyable, if that's possible, and maybe even faster.

Many of the 469 finishers set P.R.s and all were treated to a spectacular finish on the lawn of the Prudential Building in downtown Jacksonville.

Inside the Prudential Building runners were greeted to live music, free food and the awards ceremony. Kurtis and Saunders each collected \$2,000 for their efforts and everyone who participated was much richer from the experience.

This year's race was sponsored by St. Vincents Medical Center for the 2nd year along with two newcomers, PruCare and Florida National Bank. In addition to providing financial support all sponsors became actively involved in the race. St. Vincents Medical Center did all the planning and provided workers at the Medical Aid Stations along the course and the amazingly well organized "MASH" unit at the finish. They were also responsible for all the health testing at race packet pick-up at the Sheraton on Friday. Their section was quite busy on Friday as everyone wanted to find out if they were anemic, what their vital lung capacity and blood pressure was, in addition to taking a computerized test to see what their chances of heart attack were.

Florida National Bank employees were responsible for the start — meaning arriving at Bolles at 4:00 A.M. to begin assembling the starting line and blowing-up thousands of balloons.

PruCare provided volunteers for the finish — over a hundred Prudential employees showed up and really demonstrated company spirit. They were all eager, excited and interested volunteers, really helping to promote an atmosphere of excitement. Their dedication was apparent toward the end of the race when most spectators and runners were inside Prudential, warm and enjoying the food, music, free massages, video playback of the race and awards ceremony. The workers were still outside cheering the last finishers in. Working with sponsors such as these makes staging and conducting races more enjoyable and memorable.

Thanks to all the volunteers who made it such a great race, and the officials in charge of specific areas. The volunteers are too numerous to list but we will list the individuals in charge of the various areas; also, special thanks to Al Elmore and the Jacksonville Amateur Radio Club; Start, Linda and Richard Everett; Water Stations, Harold Parman; Registration, Susan Shonka; Finish Set-up, Ray Omuca; Course Set-up, Art Picus; Course Timing, John Tenbrocek; Relay Teams, Dick Watts; Bus Transportation, Jim Sparks; Awards, Jeanne Ponttingham; Day of Race Director, Kurt Shonka. Next year's race will be held on January 25 at 8 a.m. Hope to see everyone back again.
